

List of Tables

Table No	Table Name	Page No
Chapter 1		
Introduction		
Table 1.1:	Landsat images utilized for land use and land cover change analysis	21
Chapter 2		
Literature Review		
Table 2.1:	A parametrized comparison between Unsupervised and Supervised Classification	56
Table 2.2:	Inferences drawn from study of clustering techniques	70
Table 2.3:	Description of the Population Distribution	76
Table 2.4:	Description of the Number of Households	77
Chapter 3		
Satellite Image Classification		
Table 3.1:	Land cover classification system used for this study	88
Table 3.2:	ISODATA classifier outputs	89
Table 3.3:	Pixel coverage by various classes (ISODATA)	91
Table 3.4:	Representation of area coverage in sq km	92
Table 3.5:	Land cover classification system used for this study	96

Table 3.6:	Output from Maximum Likelihood classifier	97
Table 3.7:	Pixel coverage by various classes (Max. Likelihood)	99
Table 3.8:	Represents the area coverage in sq km (Max. Likelihood)	100
Table 3.9:	Land cover classification system used for this study	102
Table 3.10:	Output from Hybrid classifier	103
Table 3.11:	Pixel coverage by various classes (Hybrid)	105
Table 3.12:	Representation of area coverage in sq km (Hybrid)	106
Table 3.13:	Classification Accuracy minimum sample collection (Source: [228])	112
Table 3.14:	Notations used	113
Table 3.15:	Error Matrix Year 2000 (ISODATA)	113
Table 3.16:	Error Matrix Year 2013 (ISODATA)	114
Table 3.17:	Error Matrix Year 2015 (ISODATA)	114
Table 3.18:	Error Matrix Year 2018 (ISODATA)	115
Table 3.19:	Error Matrix Year 2023 (ISODATA)	115
Table 3.20:	Error Matrix Year 2000 (Max. Likelihood)	116
Table 3.21:	Error Matrix Year 2013 (Max. Likelihood)	116
Table 3.22:	Error Matrix Year 2015 (Max. Likelihood)	117
Table 3.23:	Error Matrix Year 2018 (Max. Likelihood)	118
Table 3.24:	Error Matrix Year 2023 (Max. Likelihood)	118
Table 3.25:	Error Matrix Year 2000 (Hybrid)	119
Table 3.26:	Error Matrix Year 2013 (Hybrid)	119
Table 3.27:	Error Matrix Year 2015 (Hybrid)	120
Table 3.28:	Error Matrix Year 2018 (Hybrid)	120

Table 3.29:	Error Matrix Year 2023 (Hybrid)	121
Table 3.30:	Overall classification accuracy and Kappa statistics	123

Chapter 4

Seed Based Clustering

Table 4.1:	Input satellite images and the results obtained from the clustering process.	132
Table 4.2:	Pixel count obtained against various seed points from the clustering process across the year 2000, 2013, 2015, 2018, 2023	135
Table 4.3:	Area covered by pixels around various seed points across the year 2000, 2013, 2015, 2018, 2023 (in sq km)	137

Chapter 5

Identification of Few Influential Parameters

Table 5.1:	Description of the Population Distribution	143
Table 5.2:	Determination of % share and % Growth Rate	145
Table 5.3:	Household Distribution among various Districts of Sikkim	150
Table 5.4:	Percentage Share of Households among various Districts of Sikkim	155

Chapter 6

Data Prediction and Suggestive Measures

Table 6.1	Prediction of changes in the land cover classes by 2050	173
------------------	---	-----

Table 6.2	Prediction of cluster density around the 8 seed points by 2050	176
Table 6.3	Prediction of change in the distribution of population participation by 2052	180
Table 6.4	Prediction of change in household distribution by 2052	184
